State Testing

As we get into our spring semester, state testing starts to sneak up on us. Thank you to all of our families who help us out by not scheduling appointments on testing days and support the best testing situation for your students. All state testing requires make up days for absences which disrupts multiple school days. Additionally, please make sure they get a good night sleep, eat breakfast and are comfortable on the days that your children test. You may also send a snack and water bottle to school. Our PTA has also generously offered to provide healthy STAAR snacks. Please put these dates on your calendar.

April 9- 4th writing, 5th math
April 10- 5th reading
May 13- 3rd and 4th math, 5th math retest
May 14- 3rd and 4th reading, 5th reading retest
May 15- 5th science

Personal Safety

During the months of March and April, guidance classes will be focused on personal safety, or as we used to call it, “stranger danger”. You may hear your child using the term “tricky people”. Our students knowing safety rules has always been a priority for me in the Haun counseling program. I want you to know that the lessons that we have are developmentally appropriate and include discussion about stay safe rules in potentially dangerous situations. We never want to make our students fearful.

Curriculum includes:

- Who are trusted adults that we can turn to for help?
- What do you do if someone offers you a ride or asks you to go somewhere with them?
- What do you do if you get lost in a public place and can’t find your trusted adult?
- If someone is hurting you, including another child, what do you do?

We have had a lot of calls and emails regarding a child approached and offered a ride at the neighborhood park. This was a concern for all of us. We have supported parental discussions and reminders about safety within our neighborhood, and feel that our children are empowered with safety knowledge.

Please call me if you want to talk about this further or have questions about the program.
Plano ISD is sometimes made aware of concerns related to online safety for students. While we do not have reports of any specific threats made to Plano ISD students at this time, this communication is designed to provide you with information about how to have conversations with your children regarding potential online safety issues.

Tips for Parents:
- Ask general questions about whether your child has seen anything online that has made them upset or worried.
- Explain that many things that happen online can be misleading or frightening.
- Encourage your child to tell a trusted adult if they see something online or on social media that is scary or hurtful.
- Make sure your child knows that it is not okay to communicate with or follow directions from strangers online.
- Never reveal personal information, such as address, phone number, or school name/location.
- Spend time online together to teach your child appropriate online behavior.
- Keep the computer in a common area where you can watch and monitor its use and monitor time spent on smartphones or tablets.

If you have any questions or concerns, please contact your child’s counselor. Plano ISD also offers a variety of parent education opportunities. For more information, please visit https://www.pisd.edu/parentworkshops

Did you know that in your student’s agenda (provided by Haun PTA to 3rd – 5th graders), the first eight pages contain answers to commonly asked questions about district and Haun policy?
